

FOOTFALL

MATWELL FRAME INSTALLATION SPECIFICATION

This is to scale for a matwell frame size 20 x 25 x 3mm, adjust accordingly for other sizes

This form is to facilitate your fitting. If you have any difficulty, please contact the office directly.

Assemble the matwell Frame according to the instruction sheet.

Ensure the top of the frame fits flush to the specified finished floor level and secure the frame to a solid base (packing up as necessary).

Lay screed or other suitable material into the matwell to raise the depth to the required level. See chart below for details.

Product Name	Depth Required
Footfall Forma	16mm
Footfall Forma (Low Profile)	11mm
Footfall Prior	16mm
Footfall Prior (Low Profile)	11mm
Footfall Atrium Plus	8mm
