

Technical Specifications – WOM® Plus Rolls		
		Rolls
Textile:	Yarn composition	Nylon 6
	Yarn count	1350 Dtex
	Pile construction	Cut pile
	Pile tuft method	Swinging needle tufted
	Pile height	10 mm
	Stitch density	7 spi
	Total fabric weight	760 gms/m ²
Backing:	Primary backing composition	Polyester
	Primary backing construction	Non woven spun bonded
	Secondary backing composition	100% PVC
	Backing options	Flat back
	Secondary backing mass in gms/m ² - (body of roll)	2500
	Total roll weight in gms/m ² – tolerance +/- 5%	3260
	Border width	20 mm
Finished rolls:		
	Roll size and weights (approx.)	
	200x2500 cm	163 kg
	Yarn colour fastness	Tested according to ISO 105-B02 – rated 8
	Flammability according to ISO 13501	Rated D _{FL} -s1
